Fly Device Stops Flies Outdoors

When the table is set in the patio for a barbecue, when refreshments are in order for poolside or when it's picnic time in the great outdoors, one common nuisance, the fly, can do much to spoil everyone's good time. Till now, flies out-of-doors have been a distasteful bother and a seemingly unsolved problem. Unpleasant sprays and difficult-to-clean devices made the cure as distasteful as the disease. Now comes Fly Stop, a totally new concept in outdoor fly control. The Fly Stop self-contained convenience unit is so clean, so totally free from maintenance problems that the result is a no-care fly killer with no unpleasantness, says Quality Products Co., makers of the product.

POTATO PARTY DIPPERS
 Hollywood starlet Patricia Rainier appreciates the fact that many convenience foods are available in today's supermarkets. Frozen Tater Tots are one such food, ready to heat and eat with breakfast, lunch or dinner. Patricia uses Tater Tots for hot and cold snacks and for party guests, too, with a dunking sauce. Here is her recipe for the sauce: Blend thoroughly one-half cup dairy sour cream with one-and-one-half ounces crumbled blue cheese and two teaspoons chopped chives. Serve with hot, unsalted Tater Tots.

Give Your Tots a Shake Break

Come mid-morning, do your early-rising youngsters need more bounce? Give them a 10 o'clock "shake break" and add an egg for additional flavor and nutrition. A shake break will be a party special to youngsters. The combinations and variations are legion with today's fruit juices, syrups and ice creams. All you do is shake with cold milk and a whole egg. An egg is particularly rich in protein and other nutrients needed for proper growth and development.

SIMPLE CHEESE PIE

Nothing could be quicker or simpler or better eating than this "pie" which needs only a crisp green salad to make it a complete meal. Butter generously a 9-inch heat-proof glass pie pan. Line bottom and sides with strips of white bread. Grate or cut in small pieces 1/2 pound sharp cheddar cheese and place on top of bread. Pour over this a well-blended mixture of 2 eggs and 1 cup milk. Bake in a moderate, 350 degree, oven for 30 minutes or until puffy and golden brown.
